PROFESSIONAL SUMMARY

Founder and IT graduate building production AI systems, full-stack applications, and Microsoft Fabric data architecture with Power BI reporting — from a live multilingual marketplace (TajKhona) to enterprise AI adoption supporting 250+ users at UNK.

EDUCATION

University of Nebraska at Kearney

Master of Business Administration (in progress) · Graduate Assistant, Office of Academic Innovation — Exp. May 2027

B.S. Information Technology, Minor in Data Analytics · GPA: 3.31 — May 2025

Coursework: Big Data Visualization · Predictive Modeling · Web App Development · Database Systems · eCommerce IS

EXPERIENCE

Graduate Assistant – Office of Academic Innovation · *University of Nebraska at Kearney* — Aug 2025 – Present

- Led enterprise ChatGPT EDU rollout supporting 250+ users; managed licensing, onboarding, and faculty/student enablement campuswide.
- Built 10+ custom GPTs deployed across 10+ classrooms; designed Power BI dashboards for institutional reporting and leadership planning.
- Developed AI training workshops for faculty and staff, improving digital literacy and workflow integration across departments.

Data Architect – UNK Libraries (summer break role) · *University of Nebraska at Kearney* — May 2026 – Aug 2026

- Designed and implemented Microsoft Fabric data architecture, ETL pipelines, semantic models, and data structures supporting reliable analytics and reporting.
- Built Power BI reports, dashboards, and visualizations tracking library space utilization to support data-informed facility planning.

Data Analytics Intern · *International Finance Corporation (World Bank Group) · Tajikistan* — Summer 2024

- Analyzed large banking datasets and delivered executive-facing visualizations and business summaries to senior IFC stakeholders.
- Gained cross-functional exposure to financial systems and business operations, motivating pursuit of MBA.

PROJECTS

TajKhona – AI-Powered PropTech Marketplace · tajkhona.com — 2026 – Present

Next.js · TypeScript · React · Supabase · PostgreSQL · OpenAI API · Tailwind CSS · Supabase Auth · i18n · SEO

- Founded and launched TajKhona, a production multilingual (EN/RU/TJ) rental marketplace featuring AI-assisted discovery, interactive maps, admin-moderated listings, and subscription billing; architected the platform end-to-end, including database design, authentication, deployment, and analytics.
- Grew to 470+ monthly active users across 8+ countries (last 30 days), led by organic search, with referral traffic from AI assistants including ChatGPT.

UNK AI Chatbot – Intelligent Campus Assistant — 2025 – Present

Python · Flask · WebSockets · React.js · MongoDB · Pinecone · OpenAI GPT · Tailwind CSS

- Built and deployed a full-stack RAG chatbot on UNK's website using Pinecone vector search for real-time academic and admin Q&A with role-based staff-student chat.

Medical Billing Error Predictor — 2024

Python · Excel · Binomial Modeling · IRT · Data Visualization

- Built a probability model estimating cumulative billing error risk using binomial modeling and IRT; produced visualizations for audit recommendations.

SKILLS

AI Engineering: OpenAI API · Custom GPTs · Prompt Engineering · Pinecone · LangChain · RAG Pipelines

Data Engineering & Analytics: Power BI · Microsoft Fabric · Power Query · DAX · Data Modeling · ETL · Python (pandas, NumPy) · SQL · Excel · Predictive Modeling · Data Visualization

Software Engineering: React.js · Next.js · TypeScript · Flask · MongoDB · PostgreSQL · Supabase

Cloud & DevOps: Docker · Git

LEADERSHIP & LANGUAGES

President – Men's Soccer Club · *University of Nebraska at Kearney* — 2022 – Present

- Founded club from scratch; grew to 20+ members and organized intercollegiate competitions across 10+ states, managing fundraising and logistics.

Languages: English (professional) · Russian (native) · Tajik (native) · Uzbek (basic)
